Tall cabinets are **Laminex Calm White** and vanity shelf is **Laminex Classic Oak**.

# Navigating the range.

We know design decisions can be challenging, so to help make things easier we have brought together a timeless range of Mineral laminates that are split into three categories – Veins, Aggregates and Concretes.

## Veins

From subtle to dramatic veining, our marble inspired décors range from delicate to large-scale designs and adds sophistication to any space.

## Aggregates

Inspired by natural stone and quartz, the range extends from ultrafine granular detailing to substantial, statement-making aggregate for a strong yet organic look.

## Concretes

Polished and unrefined, concrete décors range from weathered, textural styles to more smooth and sleek surfaces.

Laminex laminates combine timeless and contemporary colours and finishes with the durability to stay looking pristine in the most demanding interior environments. They're hardwearing, stain resistant, easy to clean, and rigorously tested to ensure that they satisfy Australian standards for surface materials.

Island benchtop features **Laminex Carrara Bianco**. Rear benchtop and splashback is **Essastone Ash Concrete**.  
Base and tower cabinetry is **Laminex Polar White** and overhead cabinetry is **Laminex Waxed Maple**.

# Laminex Finishes.

The Laminex Minerals are available in a range of products and finishes for various applications. Here's a guide to each of the laminate finishes:

---

## **DiamondGloss® Finish**

A stunning high gloss benchtop surface, polished to perfection giving it a brilliance that is both striking and refined.

## **Natural Finish**

A low sheen, smooth touch surface that is a durable and low maintenance option for benchtops and cabinetry.
